

EXTENDED CARE

Care is available and required for students staying after school through 6th grade. Students enrolled in an Exploration class who will be picked up at the conclusion of that program do not need to enroll in Extended Day for that day. Students who need to stay after the Exploration class must enroll in Extended Day but should use the appropriate discount code to reduce the cost due to their enrollment in Explorations. Enrollment in Extended Day may be selected in a variety of ways:

- All Days for the Spring Session. Covers every regular school day of the spring. May pay in full or through a payment plan.
- Day of the Week (ex. all Tuesdays of spring) - May pay in full or through a payment plan.
- By the Day. For those who need care less frequently.
- Faculty/Staff Professional Development Days - All-day care is available from 7:30AM - 6:00PM.

EXPLORATION + EXTENDED CARE DISCOUNT

If a student is enrolled in an Exploration program and Extended Day on the same day, the following codes will discount the price of care. Input code EXP for five days per week of dual programs, used on the All Regular Days option. Input codes MON, TUE, WED, THU, and FRI for the corresponding day when using the Day of the Week Registration. If you wish to enroll using All Regular Days and have Explorations fewer than five days per week, please contact Extend@parish.org for your discount to be applied to your account.
